

“We’ve gone from naming enemy ideology – Nazism, Communism – to renaming it – “Islamic Totalitarianism”, “Radical Islam”, “Islamism”, etc. all to the enemy’s benefit, since these misnomers, or as I call them, Islamisnomers, imply that Islam as such is fine. If you’re afraid to name the problem – Islam – then you can’t fight it effectively, and the enemy wants this to continue forever.”

Canada: Antifa threatens to “smash” conference opposing “anti-Islamophobia” motion

Valerie Price, Director of ACT! For Canada, is also a co-sponsor of the event. When I asked her if she would consider either cancelling or postponing the event because of threats from Antifa, she replied:

No way is this going to happen if I have anything to say about it. What are we supposed to do – lie down and roll over and surrender every time we are threatened by Antifa? This conference is about free speech and

freedom of association. How is this hateful? What is truly hateful is their threatening behaviour and what they should understand is that we don't preach hate – we expose it. Maybe that's what they don't like. This event WILL go on.

Flyers asking people to keep dogs away from Muslims have popped up in an off-leash park in Pitt Meadows.

“Please be courteous to your Muslim neighbors, many Muslims live in this area and dogs are considered filthy in Islam. Please keep your dogs on a leash and away from the Muslims who live in this community,” read the flyers, which were posted in Hoffman Park and feature the logos for the City of Pitt Meadows and the U.S.-based Council on American-Islamic Relations (CAIR).

Despite negative publicity, Muslims in Calgary continues to teach health benefits of FGM as an Islamic practice

We live in an era in which falsehoods are being widely accepted as truth. This practice is nothing short of abusive. One wonders why traditional feminists are not decrying it, particularly those of mainstream media status such as the infamous Linda Sarsour, who has distorted the truth by stating the opposite of what Muslims in Calgary states about FGM: Sarsour has stated that FGM is not an Islamic practice. WHO reports that "over 200 million girls and women living worldwide have experienced **this harmful practice...which has no health benefits and is a violation of the human rights of girls and women.**" Effects include "severe bleeding and problems urinating, and later cysts, infections, as well as complications in childbirth and increased risk of newborn deaths."

Muslims celebrate Eid al-Adha at London Catholic school

Up to 4,000 people from London's Muslim community are celebrating the start of Eid al-Adha, an Islamic holiday practiced amid a holy pilgrimage, at Saint Andre Bessette Catholic Secondary School on Friday morning. The Catholic school has more than 50 Muslim students enrolled among its 900 student body. "If through this, some ... members of our community now take the time to learn more about the Catholic faith traditions along with the Muslim faith traditions, then we're in great shape."

I'll be looking forward to the Muslims celebrating Christmas and Hannukah with us.

Crimes Against Democracy: London, Canada council smears innocent citizens as 'white supremacists,' inciting up to 1000 'anti-racists' to rally against their neighbours

This episode is yet another black eye for London and for the Canadian democracy. Mayor Matt and our Council should be thoroughly ashamed of what they made happen today against innocent, law-abiding patriots who were anything but 'Nazis' and 'white supremacists,' and for their repugnant attack on the Charter of Rights via their 'ideology' motion. I haven't used this phrase since my days as a 'rule of law' activist in Caledonia fighting racial policing that tore the town apart: what happened in London this week was a *Crime Against Democracy*, and it should never be allowed to be repeated.

Unravelling the Omar Khadr payoff

One issue that has rarely been raised goes to the heart of how 15-year-old Omar Khadr ended up with an AQ battle unit in Afghanistan in 2002. Like his brothers and sisters, Khadr was brainwashed by his parents into the death cult of extremist Islam. It is clear that Canadian officials had awareness of his parents' activities, yet no steps were taken by child welfare authorities to protect them – as Canadian children surely deserve –

from the horrific abuse being inflicted by their parents. It is a criminal offence under section 215 of the Criminal Code for a parent to fail to provide the necessities of life, including protection from harm, to their children. Ahmad Khadr is now dead, but his wife Maha lives in Toronto. Why has she not been charged? And what is the status of Zaynab Khadr's children? Are they also in need of protection?

Trudeau Government to Move Border-Jumping Migrants from Tents to Trailers

"These tents do have heaters, but we also have a very cold winter in this country," said Transportation Minister Marc Garneau. If anyone knows how cold winter is in Canada, it is the residents of Ontario some of whom are losing their homes because of the high cost of hydro under Ontario Premier Wynne's administration. There are no government-provided trailers for many elderly Canadians forced out of homes they cannot afford to heat in Premier Wynne's Ontario, who have nowhere to go. Neither Wynne nor Trudeau has had anything significant to say about that. "Our No. 1 job is to protect our citizens," Trudeau stated in his opening statement.

Muslim arrested for attempted abduction, grabbed a woman and tried to drag her into a vehicle

I have reported on thousands of Muslim sex gangs degrading, raping, trafficking in young non-Muslim girls in Britain. And now it is coming to North America. Nothing changes. In the UK, it is still happening on "an industrial scale." And law enforcement turns a blind eye for fear of being accused of islamophobia. It's all of a piece. Submission and surrender to the most vicious and brutal ideology on the face of the earth. The rape and trafficking of infidel girls by Muslims in the UK is no different from the rape and trafficking of Yazidi girls in Iraq or the rape and trafficking of Christian girls by Boko Haram in Nigeria. Or from this incident in Canada.

FREEDOM OF SPEECH

Does Condemning Islamic State Jihadis Constitute "Hate Speech"?

Robbie Travers had been accused of hate speech and was being investigated by the university, who could well sanction him. What sort of "hate speech" was that? Well, in a nutshell, he had referred to the jihadist fighters of Islamic State (ISIS) -- who variously burns or drowns people alive in cages, and sometimes in acid, or kills 250 children in dough-kneaders -- as "barbarians. "You did not read that wrongly. It is now "racist" and "Islamophobic" to insult or ridicule the world's most unspeakable terror gang, who, among other atrocities, behead innocent men, women and children, rape innocent women, and sell harmless women as sex slaves to grunting murderers and pedophiles. One could not make this up.

Former Muslim, Anti-FGM Campaigner Shazia Hobbs Suspended from Twitter

A Muslim apostate and high profile campaigner against both female genital mutilation (FGM) and forced marriage has been suspended from micro-blogging platform Twitter, amidst a wider crackdown on right wing voices on the website, and other online platforms like Facebook. "It's absolutely disgusting," she told the website. "There was no reason given. Twitter would not tell me what tweets were in violation of their rules. They said it was because of 'harassment'." "All I tweet about is the rape of Pakistani children by Pakistani men," she said.

IMMIGRATION- MIGRATION

Catholic Church has "economic interest" in "unlimited illegal immigration" - Bannon

Of course Bannon is right. The U.S. Conference of Catholic Bishops (USCCB) has a monetary interest in illegal immigration and "refugee" resettlement that goes far beyond all its hypocritical talk about welcoming the newcomer. This corrupt and authoritarian fraternity, which moves ruthlessly to stamp out any dissent from its new dogma that Islam is a religion of peace, received \$79,590,512 in 2014 alone — that's right, nearly 80 million dollars — from the federal government for the U.S. Conference of Catholic Bishops Migration Fund.

Europe: Jihadists Posing as Migrants

Firstly, potential terrorists are using the Mediterranean migrant trail as a way of entering Europe unchecked. Secondly, with Europe's lack of borders due to Schengen rules, once in Europe, they are able to move from one country to another freely. Strong borders are a necessity. More than 50,000 jihadists are now living in Europe.

<https://www.gatestoneinstitute.org/10929/europe-jihadists-migrants>

Europe begins to appreciate the reality of Islamic terrorism

Aside from suffering terrorist incidents, many Western Europeans have been shocked at the extent to which their quality of life has been undermined by these refugees. Violent crime, rape and theft abound, especially in Germany, France, the Benelux countries and the U.K. Yet, every effort has been made to understate the fact that this crime wave emanates overwhelmingly from the "refugees" and pressure has been exerted to prevent public discussion of the issue. Anyone criticizing practices in Islamic states, whether the oppression of women, execution of homosexuals, stoning of adulterers, honor killings, child marriages, or female genital mutilation, will immediately be accused of Islamophobia.

European Court Orders EU Countries to Take Migrants

Orbán, who has emerged as the standard-bearer of European opposition to German Chancellor Angela Merkel's "open-door" migration policy, has repeatedly warned that Muslim migrants are threatening Europe's Christian identity: "Let us not forget that those arriving have been raised in another religion, and represent a radically different culture. Most of them are not Christians, but Muslims. This is an important question, because Europe and European identity is rooted in Christianity. Is it not worrying in itself that European Christianity is now barely able to keep Europe Christian? If we lose sight of this, the idea of Europe could become a minority interest in its own continent."

Wilders slams EU, Migrant Invasion in Defiant Speech at Globalist Conference

"Another extremely important thing the Dutch have achieved over the past centuries was clear and defined borders. Borders are important. Because they protect us and define who and what we are," Wilders said. The Dutch have their own identity. And so do the other nations of Europe. But there is NO single European identity."

MEDIA

Media Whores

Over the years, these globalist business titans have all made massive investments in the global economy, thanks largely to the leftist con men and women—the Clintons and Obamas; the communists, tin-pot dictators and America-haters of the United Nations; the leftist billionaires who thrive on and denounce capitalism at the same time—who wined and dined and charmed them into believing that America was on the decline and that the open-borders, one-world-government crowd was in imminent ascendance.

Why demonize The Rebel for daring to criticize 'political Islam'?

It's a question someone at the Post should have asked before publishing the extraordinary, 10,000-word attack on me called 'Rebel Without Applause'. I've never seen anything like it. It was something I'd have expected from the CBC, the Globe or The Toronto Star, and reporters at those places gleefully promoted the story. National Post subscribers had a different response, though: every letter to the editor published in reply was disappointed, even baffled.

HATE GROUPS

ANTIFA

'Antifa' are despicable fascists — call them that, openly, now by Rex Murphy

There is a kernel of real fascism and real hate in North America. And it is the antifa movement, and its organizers, who are that kernel. They deserve no respect, and less tolerance. And trying to make them heroes of a non-existent, fatuous Resistance to a democratic vote only encourages street-violence that may grow to riot and mayhem, and ultimately stimulate the very breakdown of democratic order and respect for it the mob lying professes to be defending. Antifa is not a friend of democracy. It despises democracy, and equally despises those who believe in democracy. There's not a spit of difference between them and the neo-Nazis — except, and it's a big except — they have supporters outside the coven.

#Unmasking Antifa at Home and Office

The most effective way to drive Antifa activists into headlong panic would be to expose them for who they are in real life. Counter protesters like those brutally attacked in Berkeley, Calif. over the weekend should stop providing themselves as fodder at protests where police continue to Stand-Down. They should instead search for and find the identities of Antifa leaders and expose them at their homes and work fronts.

Ripping off the masks of Antifa activists will send them on the run. Reroute the protest by taking it right to their front doors and hear their ear-piercing screams of outrage.

Wikileaks: Germany Called Antifa 'Terrorist Organization' in 1970

The left in America may still be agonizing over the labeling of antifa as a criminal organization, but not so in Germany, where authorities called the thug outfit a "terrorist" group way back in 1970. It appears the key difference between the Antifa of the 1970s and the Antifa of 2017 is their relationship in the media. Decades ago they wanted to attack the media, and today the media shills for them constantly.

Black American Says Antifa Must Not Be Tolerated

Antifa terrorists throw Molotov cocktails, urinate on police cars, burn our flag, destroy public property and physically assault anyone who disagrees with them. In my history of speaking and performing at over 500 Tea Party rallies, rally sites were left cleaner than we found them. Grandmothers typically brought cookies to share with our team. And yet, fake news media insultingly gives Antifa moral high ground over the Tea Party. We have seen this tactic before of the American left organizing to wreck national havoc whenever a Republican is in the White House. Leftists' goal is to deceive a majority of Americans into believing Republicans implementing their America-first agenda is racist, evil and causing great suffering. This is why suddenly, all of these supposed victimized hate groups are emerging from their caverns of darkness. It is all a scam to lay a bogus guilt-trip on decent Americans. Please do not fall for it.

SOUTHERN POVERTY LAW CENTRE

Southern Poverty Law Center: "Our aim in life is to destroy these groups, completely"

The Southern Poverty Law Center (SPLC) has gained traction in recent weeks, but contrary to media reports, the group does not exist to "monitor hate groups" but to destroy groups that it targets for "strictly ideological" reasons. In light of large donations from Apple, J.P. Morgan, and George Clooney, and CNN's favorable coverage of the SPLC, Americans should learn the real motivations behind this far-left organization.

In the words of SPLC former spokesman Mark Potok, the group does not exist to monitor hate groups. "Sometimes the press will describe us as monitoring hate groups, I want to say plainly that our aim in life is to destroy these groups, completely destroy them," Potok declared at an event in Michigan in 2007.

Coalition Urges Media to Stop Citing False SPLC

Leaders of 47 nonprofits sent an open letter to the media warning that the Southern Poverty Law Center's (SPLC) list of so-called "hate groups" that includes peaceful organizations is false and lacks any semblance of credibility. The leaders cited both political and media figures debunking the SPLC and highlighted the FBI's removal of the SPLC as a "trusted source" for Hate Crimes in 2014.

<http://canadafreepress.com/article/coalition-urges-media-to-stop-citing-false-splc>

Southern Poverty Law Center refuses to classify Antifa as a "hate group"

Of course. The SPLC and Antifa have the same overall goal: to destroy the freedom of speech and allow only Leftists access to the public square. The SPLC demonizes and tries to destroy dissenters (including foes of jihad terror) by lumping them in with the likes of the Ku Klux Klan and neo-Nazis. Antifa, a genuinely violent and hateful group, doesn't make the list because it doesn't dissent from the Leftist agenda, it works to advance it.

AROUND THE WORLD

CHINA

China removes loudspeakers from hundreds of mosques in Muslim-majority region

Artificial amplification is a relatively recent invention. For 1,300 years of Islam, the muezzin sounded the call to prayer from the minaret with his unaided voice only. These loudspeakers are a declaration of supremacy, a declaration of who is aspiring to be China's new masters. The removal of the call to prayer has angered muslims in the area who have branded the locals as intolerant. It comes as anti-muslim sentiment rises in China and the Chinese government cracks down on people practicing the Islamic faith.

FRANCE

Sarah Halimi: Beaten, tortured and killed — yet France turned a blind eye

Almost five months ago, on April 4, a 65-year-old Orthodox Jewish woman called Lucette Attal-Halimi and known by her Hebrew name, Sarah Halimi — a retired doctor and the head of a kindergarten — was attacked in the middle of the night at her home on Vaucouleurs Street, in Paris' 11th arrondissement, apparently tortured to death and finally thrown out of a third-floor window.

There seems also to have been a concern, at least throughout the presidential election, that reporting or commenting on the Sarah Halimi murder might benefit Marine Le Pen, who at the time was running high in the polls. A concern warranted, in some measure, by Ms Le Pen's attempt to discuss the case.

ISLAMIC STATE

Isis Instructing Jihadists to add Cyanide to Grocery Store Goods

"After urging its supporters in the west to turn cars into weapons, guidance that inspired terror attacks in the UK, Spain and France, ISIS is now calling for sympathizers to poison the food in US supermarkets with cyanide, according to SITE. "The Islamic State group used prisoners as "human guinea pigs," carrying out chemical weapons experiments in order to plan for attacks against the West, documents found in Mosul have revealed. The papers detailing the tests, which led to the agonizing deaths of prisoners, were discovered at Mosul University in January when it was recaptured by Iraqi special forces. The documents verified by United States and British forces were detailed by The Times in a report published Saturday.' More of the Islamic State's contributions to humanity.

MYANMAR

Myanmar: Muslims murder dozens of Hindus

The Western establishment media is portraying Muslims entirely as the victims of the violence in Myanmar. Reality is not so simple. The Rohingyas actually began this present conflict: AP reported on August 25 that "Ethnic Rohingya militants in western Myanmar launched overnight attacks on more than two dozen police and border outposts, leaving 71 people dead, the government said Friday, in a significant escalation of their armed struggle." If they were not waging jihad against the Myanmar government and non-Muslims in the country, there would be peace.

UK Police Are Investigating My Group for "Hate Crime" for Posters Warning of Grooming Gangs

We have been told that our putting up those signs, which merely said that we need to protect children from grooming gangs and featured a slightly Arabic-looking font, has now "resulted in the allegation that the person responsible for the sign may have committed a hate crime." The police have literally launched a full-fledged investigation, and there are calls for the person responsible for putting up the placard to be investigated for racism offenses. This has nothing to do with race. It is to do with protecting girls from predators who are predominantly of Muslim origin. As a father of a young daughter, I refuse to be bullied into remaining silent.
