THE VIDEO: KILLING EUROPE - DECEMBER 3, 7:00 PM

'THE JEWISH DEFENSE LEAGUE' AND 'ACT! FOR CANADA' AND PRESENT THE WORLD PREMIERE OF THE VIDEO, 'KILLING EUROPE'

Sunday December 3, 7:00 PM
The Toronto Zionist Centre
788 Marlee Road (just south of Lawrence) Toronto
Adults \$20, students with ID, \$10

The screening of "KILLING EUROPE" is produced by Michael Hansen, also known as "The Missing Dane." Hansen left his native Denmark for America fifteen years ago. He recently returned to Europe to make his documentary about the changes that have occurred since his departure.

The extent of the Islamization of Europe is shocking: terrorist attacks, no-go zones, riots and gang rapes - with those in

authority both in denial and cowed, seemingly blind to the catastrophe their "multicultural" doctrine has unleashed.

Michael Hansen will be attending the showing of his film and will be available afterwards to answer questions and discuss the existential threat that Islam poses for the West.

OTTAWA CANCELLED THE ORIGINAL WORLD PREMIERE THE DAY IT WAS TO BE SCREENED.

November 25, ACT! For Canada was to have hosted the world premiere of the film "Killing Europe" **at the main branch of the Ottawa Public Library**. Without even seeing the film, the left decided that it must not be shown and set out to intimidate and bully the Library, apparently with the help of the Mayor, several Ottawa City Council members, and one particular lawyer.

The Library's auditorium had been booked a month ago. Everything seemed set to go and then on November 25 they cancelled.
