UN GLOBAL COMPACT

Global compact for migration

The global compact for migration is the first, inter-governmentally negotiated agreement, prepared under the auspices of the United Nations, to cover all dimensions of international migration in a holistic and comprehensive manner. "One very worrying aspect (Objective 17) of the Global Compact is that it commits countries to run propaganda campaigns to change public perceptions about migrants, "sensitize and educate media," and punish those that are seen as promoting intolerance towards migrants." (Maxime Bernier)

<https://refugeesmigrants.un.org/migration-compact>

UN Member States: Migration Is a Human Right

The UN has no interest in admitting that the agreement promotes migration as a human right; until recently there has been little debate about it. More debate might risk jeopardizing the entire project. The wording of the agreement, as documented below, leaves little doubt, however, that with the signing of the agreement, migration will indeed become a human right.

<https://www.gatestoneinstitute.org/13263/un-migration-human-right>

Objectives and Commitments of the Objective of the Global Compact for Migration

“We commit to strengthen the global evidence base on international migration by improving and investing in the collection, analysis and dissemination of accurate, reliable, comparable data, disaggregated by sex, age, migration status and other characteristics relevant in national contexts, while upholding the right to privacy under international human rights law and protecting personal data. We further commit to ensure this data fosters research, guides coherent and evidence-based policy-making and well-informed public discourse, and allows for effective monitoring and evaluation of the implementation of commitments over time.”

Here’s Why Canada Must Reject The UN Global Compact On Migration

The problem here is that decisions on immigration and refugees are supposed to be made by individual nations. While ‘global cooperation’ may sound nice, and certainly has its place on some issues (*nuclear weapons, peace treaties, technology*), when it comes to issues of borders and immigration, those decisions must be made only by national governments that are answerable to their citizens in free elections.

The UN is answerable to nobody, and if they try dictating Canada’s immigration levels, how could Canadians hold the UN accountable?

We couldn’t. And that’s the problem.

PLEASE SIGN THIS PETITION:

Petition E-1906: Withdraw from the Global Compact for Safe, Orderly and Regular Migration.

Several of our allies, notably the United States of America, Poland, Hungary and Austria, have withdrawn from the United Nations' global migration pact citing its threats to their sovereignty, peace, order and good governance.

Read here why it is important and NECESSARY to sign this petition:

UN will soon try to enforce open borders as a 'human right'

UN member states are expected to sign the so-called "Global Compact for Migration" in December in Morocco, claiming that migration is a "human right". The document in question, is the draft text for the so-called *Global Compact for Migration* for UN member states. It is more or less a globalist project where all signatory states declare their will to abolish the current different categories of migrants in order to declare migration a blanket "human right".

REMEMBERING KRISTALLNACHT

On November 9th 1938, mobs burned synagogues, destroyed Jewish homes and businesses, vandalized Jewish hospitals, orphanages and cemeteries, and dragged thousands of Jewish men, women and children into the streets, where they were beaten and humiliated. The Germans later called this night "Kristallnacht"—The Night of Broken Glass—because of the tons of shattered glass that scattered throughout German cities, after it had taken place. The Jews began to call that date the beginning of the Holocaust because of the tremendous violence, which started on that night and grew even more dreadful as time had passed.

CANADA

Canada apologizes for turning away Jews who fled Nazis

Canadian Prime Minister Justin Trudeau apologizes for Canada's refusal in 1939 to admit Jewish asylum seekers fleeing Nazi Germany. He spoke for 29 minutes. "More than 70 years ago, Canada turned its back on you. But today, Canadians pledge, now and forever, never again."

Justin Trudeau must stop snooping around our banking information

Statistics Canada is asking banks across the country for financial transaction data and personal information of 500,000 Canadians without their knowledge, Global News has learned. Documents obtained by Global News show the national statistical agency plans to collect "individual-level financial transactions data" and sensitive information, like social insurance numbers (SIN), from Canadian financial institutions to develop a "new institutional personal information bank."

Trudeau Government Blew \$23 Million Taxpayer Dollars on Over 600 Cars

A new report reveals that the Trudeau government spent \$23 million on over 600 cars for the G7 summit, and is now having trouble selling the cars to recoup our taxpayer dollars. According to the RCMP, buying the automobiles outright was considered the most affordable choice. Seriously? Since when is the RCMP advising the Prime Minister on how to spend our money? Their suggestion of spending hundreds of thousands of dollars on cars to be used for three days, is, shall we say, a tad reckless? Did no one ever hear of renting said vehicles? Or at least the ones available in Montreal, Toronto, Ottawa, Windsor etc.?

C3RF Member Update – 9th November, 2018

Just under two years ago now, C3RF was formed to fight a singular attack on a singular Charter Right. The attack was that posed by Motion M-103 and the right that it threatened was the fundamental Canadian right of free speech. **The threat came in the form of a false, "Islamophobia" narrative that conflated the term with a form of "religious discrimination" - along the lines of "antisemitism"**. This, of course, was never the case. In effect, the ambiguous term was meant to provide cover for an enterprise that would punish criticism of the ideas bound up in Islam and manifested through sharia law.

Muslim Network bars German AfD leader from speaking at Oxford University

The letter from the group, seemingly unable to allow another opinion for fear of it being received more positively than theirs, asks for the Union "to show duty of care and respect for Oxford's diverse communities" by not allowing...diversity. It also says: "Platforming hate speech must not be conflated with freedom of speech," which they say is a "political fig leaf". Democracy is only democracy when all views are heard and discussed, dissected and challenged.

IMMIGRATION-MIGRATION

Immigrants Will Not Fund Our Retirement

Half of all immigrants actually receive *more* in government handouts than they pay in taxes, while another third contribute roughly as much as they receive. Only 15% of immigrants contribute to the economy in a

meaningful way. Ask Democrats why they support open borders, and they will invariably respond: "Because we need immigrants to pay for our pensions." This argument is a sham. The data are conclusive: immigration will not save America's welfare system. It will bleed it dry.

ANTIFA

Chilling Details: Tucker Carlson's Terrified Wife Hid in the Pantry as Antifa Thugs Damaged Her Home

The incident that took place at Tucker's home on Wednesday night was reprehensible. The violent threats and intimidation tactics toward him and his family are completely unacceptable. "If there's anything that signals deep moral objection to fascism, it's kicking in a political enemy's door to terrorize his family," Allahpundit snarks, ridiculing the idea that 'Antifa'-types see themselves as "anti-fascist." These agitators publicly shared his home address, as well as the home addresses of both his brother and a close friend and associate.

Following a push by Minneapolis Police encouraging voters not to vote for Keith Ellison, aka Hakim Muhammad, photographs were obtained by investigative journalist Laura Loomer showing the accused woman abuser striking a pose with Portland secessionist and ANTIFA leader Luis Enrique Marquez. Marquez not only has a history of arrests, but he is the subject of several YouTube videos which display his ANTIFA associations and violent behavior. Again, this is who Keith Ellison was spotted hanging out with at the Minnesota State Fair.

Rap Sheet: *632*** Acts of Media-Approved Violence and Harassment Against Trump Supporters**

It is open season on Trump supporters, and the media is only fomenting, encouraging, excusing, and hoping for more... The media are now openly calling Trump supporters “Nazis” and are blaming Trump for a mass murder he had nothing to do with. This, of course, is a form of harassment because it incites and justifies mob violence. Here is the list, so far, and remember that if any **one** of these things happened to a Democrat, the media would use the story to blot out the sun for weeks.

BATACLAN MASSACRE

PARIS, FRANCE

NOVEMBRE 13, 2015

Friday, November 13th, 2015 was Paris's worst day since Nazi tanks rolled down the Champs-Élysées. It was worse than Charlie Hebdo, but it followed the same theme. Another city has lost control of its life and vitality to a cowardly resident evil breeding across every border in Western Europe. While leftists still cling to their Bush-Cheney conspiracy theories, blaming them for all the worlds' ills including the current rise of ISIS, the fact remains that on President Obama's watch, global terrorism has risen by a staggering 80% in just the last year alone. Sadly, the president has had nearly seven years to destabilize the Middle East, Maghreb and beyond in unprecedented ways

This is a war unlike anything we have previously experienced or read about. This is a world war declared by ISIS in order to clash with the entire world: with anyone who does not adopt its inflexible and closed-minded thought patterns and anyone who does not drink from the same fountain. Its objective is to take countries back to the Stone Age and transform the members of the Muslim diaspora and Muslim minorities into living bombs. This war is a comprehensive plan to eliminate the right to differ in opinion or belief, as well as any possibility of coexistence and progress. This war is a pitch-black night that is trying to extinguish the lights of liberty and dignity.

All it takes is a pack of benighted wolves that have drunk from the river of absolute hatred. Obama's decision not to become too involved in the ISIS crisis allowed 'Al Baghdadi's state' to feel safe and secure the minute it declared itself. It allowed it to seize oil fields, regulate tax collection and use the banks and the armies that it took control of. It allowed it to build itself strongholds and recruit extremists capable of placing technology in the service of

ISIS' hatred and destruction program. It allowed ISIS to woo extremist officers from armies near and far, and gave it the time to set up planning centers and war rooms and create new generations of suicide attackers.

Contrary to the trite bumper sticker stating "War is Not the Answer," sometimes war is the only answer.

Do not forget the enemy we are fighting.

AROUND THE WORLD

AUSTRIA

Rationalizing Our Surrender by Mark Steyn

Consider the case of Elisabeth Sabaditsch-Wolff, a Viennese housewife who has lived in several Muslim countries. She was hauled into an Austrian court for calling Mohammed a pedophile on the grounds that he consummated his marriage when his bride, Aisha, was nine years old. Mrs. Sabbaditsch-Wolff was found guilty and fined 480 euros. The judge's reasoning was fascinating: 'Paedophilia is factually incorrect, since paedophilia is a sexual preference which solely or mainly is directed towards children. Nevertheless, it does not apply to Mohammad. He was still married to Aisha when she was 18.'

Ah, gotcha. So, under Austrian law, you're not a pedophile if you deflower the kid in fourth grade but keep her around till high school. There's a useful tip if you're planning a hiking holiday in the Alps this fall. Or is this another of those dispensations that is not of universal application?

BRAZIL

Brazil: Bolsonaro's Augean Stable

Very nearly slain on the campaign trail, the new president is widely depicted by Western media as a fascist intent on tyranny. Well they would say that, wouldn't they? FRANCE

Populist Le Pen Edges Ahead of Globalist Macron as French President's Approval Hits All-Time Low

Two of the most prominent and successful populist actors in Europe, Hungary's Prime Minister Viktor Orbán and Italy's deputy prime minister Matteo Salvini, announced in August they would be forming a populist front ahead of the European elections to help guide the continent in a positive direction. Orbán said of the decision: "There are two sides at the moment in Europe. One is led by Macron, who is supporting migration. The other one is supported by countries who want to protect their borders. Hungary and Italy belong to the latter. "Hungary has shown that we can stop migrants on land. Salvini has shown migrants can be stopped at sea."

PAKISTAN

Asia Bibi: Pakistan's Judicial Betrayal

The joy over the acquittal of Asia Bibi lasted barely 24 hours. The Christian mother of five from Pakistan was forced to spend eight years in prison, much of the time on death row, ostensibly for "blasphemy," before the Supreme Court cleared her of any offense. Unfortunately, massive street protests by extremist Muslims immediately erupted to pressure the government to delay her release. Rioting caused schools in Islamabad, Punjab and Kashmir to close. Protesters hold placards that read: "Hang Asia Bibi". There will be a war if they send Asia out of country.

UNITED KINGDOM

Britain's refusal of asylum to Asia Bibi is the modern equivalent of Canada's rejection of the MS St Louis Jews by Barbara Kay

The United Kingdom refused her asylum to appease radical Islamists. So, this is what Britain has come to: a country so terrified of a small minority of Islamists that they refuse entry to a completely innocent Christian woman who has already suffered eight years of isolation and daily anticipation of death at any moment. Shame on the UK. And, if only for its symbolic value, I would have liked to see Bibi and her family and lawyer (also under death

threat) find asylum in Canada. Moral action is always better than pious words.

No comparison between chadors and high heels by Lise Ravery

People can think that hijabs and chadors and niqabs are just pieces of clothing, but courageous Iranian women go to jail to live free of them. I'll cheer pro-hijab activists in Montreal the day they walk down Ste-Catherine Street, hair in the wind, in solidarity with their sisters in Tehran, if only for one day. To my knowledge, nobody has been killed because they refused to wear high heels. But Aqsa Parvez, 16, was strangled to death by her father and brother in Toronto in 2007 because she refused to wear the hijab. Out of respect for her and the Shafia girls, also guilty of wanting to lead western lives, we should avoid such comparisons.
