Group to go to court after Bible camps denied federal summer jobs grant

The federal government is being sued over its denial of a Canada summer jobs grant to Bible camps in Ontario and Nova Scotia. Phil Whitehead, executive director of the camps, said in a telephone interview the camps provided comprehensive copies of discrimination and harassment policies, including its anti-bullying measures. He said he suspects Ottawa is refusing the two camps' applications for funding of about eight counsellors because it has an evangelical Christian background that includes opposition to abortion. The Justice Centre for Constitutional Freedoms is taking Ottawa to court over its denial of jobs grants for Bible camps in Ontario and Nova Scotia, with the camp's operators suggesting the rejection is due to their evangelical beliefs.

Trudeau Slammed for Taking 'Personal Day' Instead of Attending Return of Fallen Canadian Soldier's Body

"The body of Canadian Armed Forces Bombardier Patrick Labrie, who was killed during a NATO exercise last week in Bulgaria, was returned to Ottawa on Saturday for a memorial service. However, Prime Minister Justin Trudeau was not present to pay his respects." Justin Trudeau took a 'personal day,' instead of attending the return of Bombardier Patrick Labrie's remains.

CBC Launches Hilariously Biased & Ignorant Attack on The Post Millennial

Making this all the more disturbing is that CBC is using forcibly-taken taxpayer money to launch an attack against a possible competitor. That shouldn't happen in a free society. The fact is CBC can't compete on a level playing field and they know it, so they attack, demonize, and show total bias towards anyone who they feel threatened by.

Dividing Canada into vote banks, one tribe at a time

On June 21 in Toronto, many prominent Liberals appeared alongside a group called 'Canadian Muslim Vote', where Justin Trudeau himself implied opposition Conservatives were Islamophobic and racist, sending the partisan Liberal Party Muslim tribe into a thunderous applause. Ostensibly the event was non-partisan. Of course, it wasn't. Two Muslim candidates running on the People's Party of Canada ticket – Tahir Gora from Mississauga-Malton and Hazar Alsabagh from Mississauga-Erin Mills – were not invited, nor was their leader Maxime Bernier.

Disgraceful: Catherine McKenna Giving Over \$200 Million More Of Our Taxpayer Dollars to Foreign Countries

Catherine McKenna and the Trudeau Liberals never miss a chance to take our tax dollars and give our money away to countries that aren't Canada. 'Foreign aid' sounds nice but is actually a disgrace and a betrayal. It represents the THEFT of money from Canadian Citizens, and that money being given to foreign countries while Canadians in need are abandoned. Unacceptable.

Liberals Approved These Four Controversial Islamic Organizations for Canada summer Jobs Program Funding

Several controversial Islamist organizations have been awarded with a new round of funding from the Trudeau government's Canada Summer Job program, True North has learned. The Trudeau government's handling of the grants has been mired in controversy and mismanagement since they announced a values attestation, which initially required organizations to sign a pro-abortion pledge or be deemed ineligible for funding.

Scheer and Conservatives running scared

While there has been no official explanation for why the Conservative party hierarchy disqualified his candidacy, Mansur says he was told by senior party sources that the Scheer campaign was worried his record of speeches and writings would open him to attacks of Islamophobia by the Liberals and it didn't want Scheer distracted by them. Mansur, in my view, would have been an ideal candidate for the Conservatives in Liberal-held London Centre North, because he wasn't running out of ego or expectation of easy victory. He was running because of his principles.

Our First Priority Must Be to Pre-empt an Anti-Muslim Backlash

I know that if there was a jihadist terrorist attack, the Trudeau government would immediately swing into action by deploying troops to prevent an anti-Muslim backlash, which must be our first priority. When it comes down to the crunch, Canadians would rather be exposed to burglars, thieves, rapists, home invaders and drunk drivers than see a snowflake, trans person or a Somali immigrant irreparably traumatized by a slogan that he, she or it saw sprayed on a wall or sidewalk. Trailblazers like Stalin, Castro,

the STASI and the NDP did a lot to sweep these regressive impediments away, but as they say in the grievance business, "much work remains to be done."

C3RF Member Update - 29 June, 2019

This week's update challenges the elite assumption that "climate change" will be the "ballot-box" question of the 2019 Canadian federal election? How could it be when it has been drubbed in other jurisdictions once cost becomes part of the debate. Rather than this, could it be that "free speech" will be the question of the day in the October, 2019 contest? After all, its diminishment, in the name of "Islamophobia" and "diversity is our strength", is keeping Canadians from addressing the thorny and critical issues of their time. Is not being able to honestly discuss major problems a fundamental issue that needs to be addressed as a priority?

TOMMY ROBINSON

GOING BACK TO TRIAL — JULY 4TH & 5TH

"Tommy Robinson is an invincible power of freedom in a world shackled by political correctness; he is an inexhaustible conscience of justice in an unscrupulous world and he is the voice of the truth in the face of oppressive and cowardly politicians. He should be an exalted and living example for all of us to follow if we really believe in freedom, justice and truth because without these principles, everything else in this world is a merely futile."

~ Valerie Price ~

Breaking: Tommy Robinson. Full Court Case Details

This is a great interview with Elsa Schieder and Tommy, just before his upcoming court case on July 4th and 5th, 2019. Tommy Robinson is facing his 7th court case in a year. The charges are ludicrous: for instance, reading to his viewers what was on the BBC site the day before. So, the cause can only be that he is an Enemy of the State.

As I am Counting down the days – by Tommy

I am fully aware and prepared for the worst, however as you know me well enough by now, I will continue to fight with every bone in my body and to my very last breath to fight the extreme injustices which are being imposed by our own so-called democratic governmental system. Even if they throw me in a jail cell in solitary confinement once again, I will never stop the fight!

The cost is outrageous: £100,000 so far. The generosity of supporters has enabled Tommy to carry on. But the bills keep coming in. So, if you can, please donate.

Please Pray for Tommy

Abraham Lincoln said: "I have been driven many times upon my knees by the overwhelming conviction that I had nowhere else to go. My own wisdom and that of all about me seemed insufficient for that day."

I believe in the power of prayer. If not for yourself, believe in it for others. The world is weak; prayer is POWERFUL. Whether you are a Christian, a Jew, a Buddhist, a Hindu, a Jainist, an atheist or none of the above, please pray for Tommy's safety.

"We pray for Tommy's well-being. We pray for You to protect him. We pray that not only will Tommy have the grace, strength and the peace to handle whatever comes his way but, like Peter and Paul, You will supernaturally protect him. Make him invisible to the darkness and to those who would seek to harm him. Send your Angel bodyguards to accompany him and to surround him

wherever he walks. Station at least one at his back and another to go before him. Station them at the door to his cell as well. Please keep Tommy safe and please give Tommy's family security and peace as well."

<https://www.actforcanada.ca/1/please-pray-for-tommy/>

I will be in London at Tommy's trial at the Old Bailey next week so I doubt there will be a Newsletter. I predict the Government will find something – anything – to make certain he goes back to prison.

Tommy is the “Last Lion of Britain”.
His fight is OUR fight.

FREEDOM OF SPEECH

The PPC's strength is their dedication to free speech

**“Radical multiculturalism is the misguided belief that all values and cultures can co-exist in one society. They cannot. We must protect our society against this kind of barbarism.”
~ Maxime Bernier ~**

One of Bernier's great strengths is that in spite of years of political experience, he has not become jaded or cynical. He wears his own heart on his sleeve. Not a thespian, mantra-driven, lachrymose, pre-programmed “heart” of the kind Trudeau is so famous for, but an unsentimental heart full of deeply-considered convictions that beat, like ruggedly-manned boats, against the progressive current upon which Justin Trudeau is a dreamily bobbing twiglet.

London candidate Salim Mansur just got turfed by the CPC, for example, because he is a democratic Muslim who speaks out against Islamism. Islamism is a serious problem in the West, but we have now arrived at a moment where a national leader is so cowed by political correctness that he won't defend a candidate who speaks objective truth about a known threat to our national security.

UN GLOBAL COMPACT

UN Global Compact: What Happens Next?

The UN has set its enormous bureaucratic infrastructure into full motion to see to it that the Compact will have maximum impact across the globe. IOM director-general Antonio Vitorino has already sent a warning to critics of the UN migration agenda and said that "if we want to succeed in having a more humane and better world, we should resist the temptation of negative narratives that some want to spread about migration".

While world leaders continue to push for more migration, polls show that many citizens, worldwide, do not want more migration, whether in or out of their countries.

ISLAMOPHOBIA

'Islamophobia' Expert: Christianity 'An Oppressive Political System Bent on Discrimination'

Todd Green thinks Robert Spencer is an "anti-Muslim hate speaker" for opposing jihad terrorist violence and Sharia oppression of women and others. Were foes of the Nazis "anti-German hate speakers"? Todd Green might have thought so. In earlier ages, he would likely have been penning weighty pseudo-academic tomes about how opposing the Nazis makes you a bigot who hates all Germans. He and other "Islamophobia" "experts" make their living slandering and defaming those who oppose jihad terror, which will only have the effect of enabling more jihad terror. How Todd Green can live with himself, as the body count steadily rises, is beyond me.

Justifying Islamophobia

Ever since the massive arrival of Muslims to the Western hemisphere, our Western culture and world have been forever altered, thanks to the ceaseless attempts of the left to create a failing Utopian multiculturalist paradise while forcefully jamming it down the throats of unsuspecting citizens. Islam is anything but a religion of peace. Violence is at the very core of Islam. Violence is institutionalized in the Muslims' holy book, the Quran in many Suras. That is why people fear Islam, hence, Islamophobia is justified.

<http://newswithviews.com/justifying-islamophobia/>

Politically Exploiting Islamophobia

Rep. Joe Webster's presentation was particularly appalling as he told the audience, "we just had to do something" following the shooting in Christ Church, New Zealand. That attack, which took place a half a world away, motivated the decision of Webster and Shusterman to put together this town hall meeting at this mosque. Yet these same representatives apparently didn't feel motivated to hold a similar town hall after the shooting at the Tree of Life synagogue which took place in their own state.

Community tensions are likely to only worsen as long as Muslim community leaders and elected officials whitewash Islamist anti-Semitism, treat Muslims solely as victims, and demonize those who point out the problems of extremism within the Muslim community.

UK former equity chief warns: "Islamophobia" is a "bullies charter" used by "ensorious Muslims"

In mid-May, the UK government refused "to adopt a working definition of 'Islamophobia' proposed by an all-party Parliamentary group". Britain's former equality tsar Trevor Phillips OBE has warned the sweeping new definition of "Islamophobia" is a "bullies' charter" for Muslims inclined to censor criticism of Islam and Islamic practices. Even the usually politically correct National Police Chiefs Council (NPCC) has expressed "some concerns about the proposed definition of Islamophobia", suggesting it was

“too broad”, “could cause confusion for officers enforcing it”, “be used to challenge legitimate free speech on the historical or theological actions of Islamic states”, and ultimately “undermine counter-terrorism powers, which seek to tackle extremism or prevent terrorism.”

Prison Time for Democrat's 'Vicious' doxing of Republicans

A Democrat U.S. Senate staffer, Jackson A. Cosko, who doxxed Republican senators during the nasty confirmation battle over Supreme Court Justice Brett Kavanaugh, committing what prosecutors called "the largest data breach in Senate history," was sentenced to four years imprisonment. "It was a vicious offense," Judge Hogan told Cosko at the sentencing hearing. "You were upset politically, perhaps you thought in today's world it's okay to lash out because of that but it's not. There needs to be a deterrent. You put those people in harm's way in a polarized society. You can't pass this off as simple political extremity that is okay to do."

AROUND THE WORLD

FRANCE

The Suicide of France

Switch or upheaval, the days of France as we knew it are numbered: the society has lost its cultural center of gravity: the old way of life is fading and close to "extinction". "Frenchness" is disappearing and being replaced by a kind balkanization of enclaves not communicating with one another. For the country most affected by Islamic fundamentalism and terrorism, this is not a good recipe. Instead of integration, assimilation and Europeanization, Muslim extremists in France are pursuing multiculturalism, separation and partition. The enclaves of immigrants at the edges of French cities foment "a rupture in values with French society, and a will to subvert it". "People do not want to live together".

TRINIDAD

The Western Hemisphere's Jihadist Hotspot

It is difficult to believe that a lush, tropical vacation destination like the Caribbean nation of Trinidad and Tobago, a relatively prosperous country with full religious and legal freedoms, has produced more fighters per capita for the murderous Islamic State (ISIS) than any other country in the Western Hemisphere. America and other nations should be very concerned about this island "breeding ground" for jihadists so close to the United States and its interests.

TURKEY

Turkey Loses an Ally

The April 11 military coup that ousted Sudanese dictator Omar al-Bashir after 30 years of Islamist rule seems to have the government of Turkish President Recep Tayyip Erdogan extremely worried. The Turkish government, in its attempts to prop up Bashir's ailing government, had invested heavily in Sudan. The ouster of Bashir, after months-long protests, has thrown the cooperation between the Turkish and Sudanese regimes in intelligence, economics and military, among other matters, into uncertainty. Turkey was one of the few countries that had amicable relations with the Bashir regime because both states shared sympathies for the Muslim Brotherhood.

UNITED STATES

Islamic Subversion in America

Islam is an invader and the enemy of humanity. Violence and blood are at the core of this ideology of hate. I made myself a promise that once I grew up, I would do everything within my power to expose this fraud of a

religion. Islamists, by sheer numbers, eventually will be able to vote out democracy in many countries. They will elect Muslims to all positions of local influence, who will create and enforce policy according to the Quran. Once they have control over a town, they will begin to establish informal sharia, and there's nothing the government can (or will want to) do about it. Simply put, if I let Islam be, Islam doesn't let me be. Islam doesn't live by the same rules of reciprocity. Islam doesn't recognize my rights and the rights of all non-Muslims. The punishment for leaving Islam is death.

A Jihad Basis for the Coup

The biggest crime of the swamp was collusion with jihadist terror-mongers against the civilized world. Jihad collusion is also the most dangerous threat to our national security. It is morally repulsive, a throwback to the bloody past of tribal warfare. Colluders with genocidal war need to be exposed. The perpetrators and their American colluders need to be named and shamed. The world must know the truth. This is the battle of our time, and we cannot lose it.

Hacked Docs Expose Soros-Obama-UN Refugee Invasion Network

Secret internal reports and memos by one of George Soros's left-wing front groups reveals the socialist billionaire's subversive reach within the Obama administration, the United Nations, and the governing structures European Union, especially as it relates to the manufactured refugee/migration crisis. Among the many noteworthy points made by Soros activists in one report is the assertion that the migrant/refugee tsunami that has already swamped Europe with 1-2 million Muslim migrants should be accepted as "the new normal." This is not surprising, but it is alarming.

Could The Increased Acid Attacks In London Be Coming To The US?

What happens to a country when unfettered, unvetted importation/immigration of individuals whose culture and belief system are anathema to its people and the immigrants refuse to assimilate? It's called multiculturalism by liberal progressives, which results in unlawful activities increasing because the "immigrants" do not follow the host country's laws. It's what is happening in countries where practitioners of Islam have invaded in mass numbers.

Brit lawmakers trying to define Islam as a race

It's a backdoor approach toward enforcing Islamic blasphemy laws, says Soren Kern of the Gatestone Institute. The backdoor is, as you might predict, the elusive concept of "Islamophobia." Both "Islamophobia" and "structural" racism are frauds. Adopting this standard in Britain would merely make it possible to prosecute anyone who criticized (for example) the Koranic incitement of violence against infidels in that nation that lacks a First Amendment protection of speech.

Stop sobbing over Shamima

The campaign to transform Shamima Begum into a victim, into an object of sympathy, is surely one of the most grotesque spectacles in British public life right now. This is a young woman who betrayed Britain. Who betrayed her fellow citizens. Who turned her back on the freedoms and comforts afforded to her by life in 21st-century London in favour of going to live in an Islamist supremacist death cult that enslaved Yazidi women, executed infidels, and obliterated any semblance of freedom of conscience in the territories it governed between 2013 and 2019.

Dalai Lama warns: "Europe is for Europeans," EU will become "Muslim" or "African" if migrants allowed to stay

According to globalist labels, these are the "racist", "Islamophobic", "intolerant", "EU democracy-threatening", "far right", "Nazi" words of populists like Hungarian leader Viktor Orban, and Italy's Matteo Salvini right? Throw in Donald Trump too. Except, that they are not the words of "populists" who have been logically and responsibly aiming to protect their citizenry and democratic heritage, but are constantly attacked and disparaged, even by the Pope—the blind guide sitting comfortably, wealthy and walled in at the Vatican. These words have been issued by a global leader that is deemed to be a top peacemaker who also teaches the young about how to be peacemakers: "The Dalai Lama". His words of

Islam, Terrorism, and Censorship

Common to all incidents cited by the author in *Theoterrorism* is that "Islamophobia" accusations and retaliation threats can be instruments of hostage-taking of entire populations, spreading fear among targeted citizens, entire societies and governments. They impose Islamic blasphemy laws or sharia on non-Muslim societies, democracies that honor citizen rights to free expression without censorship or restraint. Can hurt feelings by any group be a precondition to undermine core values of free speech, freedom of conscience and freedom of religion by democratic societies? If so, the creep of sharia law will surely annihilate these western values.

New Racism

It is not that people are more racist now than in previous years, but rather activists and progressive thinkers are weaponising the language of racism in order to effectively label opponents as 'racists' merely because they are white who "benefit" from living, say, in a majority white nation. In short, racism has been re-defined in a power-play by black feminists, critical race theorists, and other 'progressive' thinkers and disciplines to subordinate legitimate voices from the dominant culture to their language and ideology.

What will it look like when we lose our civilization?

Civilizations are tested in a crisis. Their strengths and weaknesses are revealed in such events as earthquakes, the sinking of ships, and social or political eruptions. A massive demonstration was conducted peacefully, without property damage and without leaving behind an area strewn with garbage.

Revealed: Boko Haram's child army

Having millions of alienated, half-starved young boys on the streets provides the Islamists with a potentially limitless recruitment pool. Many already come half-indoctrinated, thanks to the hardline, Saudi-influenced religious dogmas peddled in the madrassas. And for others, a few hundred naira is often enough to win them over, especially if it gives them a chance to inflict violence on the society that no longer looks after them.
