## **Illegal Border Crossings in Canada? Yes, it's Still Happening**

Since 2016, Justin Trudeau's first full year in office, 156,155 people have arrived in Canada under false pretenses — walking in illegally, using fake documents or pretending to be tourists — only to make asylum claims in the hopes of becoming refugees in Canada. This is according to data from the Government of Canada on asylum claims from January 2016 to June 2019. Make sure to listen to Candice Malcolm on how Canada is losing control of immigration.

## **Muslim who stabbed three soldiers approved to roam freely, despite remaining a “significant threat”**

The Canadian Press reported Ali had been found “not criminally responsible” for his knife attack. But at the time of his attack, Ali himself said: “Allah told me to do this, Allah told me to come here and kill people.” And he hasn’t changed. His psychiatrist admitted of Ali: “[H]is psychotic disorder is not completely treated. I still have work in the future.” As he roams freely around Toronto and Hamilton, what could possibly go wrong? Only greasy Islamophobes could possibly object to this, right?

Frej Haj Messaoud, 39, was charged with attempted murder and aggravated assault Sunday morning after he allegedly lit his ex-partner on fire in Quebec City. The incident took place Friday evening on Arago Street. Several neighbours saw the victim, a 27-year-old woman, on fire and screaming in the middle of the road.

While waiting for a cab operated by the Taxi Champlain company to stop blocking the underground garage, the victim heard the taxi driver shout, "I won't move for any f\*\*\*ing Jews!" ## **Postmedia, Globe and Mail Receive Millions in Untendered Government Contracts**

New records show some of Canada's biggest media companies have received millions from the federal government in untendered contracts predating the \$595 million media bailout fund. Among some of the sizable contracts for media monitoring – known as clipping – given out without tender are \$195,840 to the *National Observer*, \$2,005,847 to the *Globe & Mail* and \$5,551,698 to Postmedia, according to a report from *Blacklock's Reporter*.

## **Killing Free Speech in Canada**

Canada already has hate speech laws in its criminal code, according to which anyone who publicly "incites [or willfully promotes] hatred against any identifiable group" commits an indictable offence"[1]. If Canada's government proves sympathetic to the new recommendations of the House of Commons Standing Committee on Justice and Human Rights, the prospects for free speech in Canada look increasingly bleak.

## **Motion 103, free speech and Islamophobia in Canada**

The Muslim Brotherhood in Canada is using the term "Islamophobia" to manipulate and achieve its own goals and interests. It is regrettable that using the term "Islamophobia" has become the new method adopted by sympathetic members of terror-linked groups in Canada and the rest of the world in general, specifically the Muslim Brotherhood, which is designated as a terrorist organization in many countries worldwide, to silence criticism of Islam and Muslim public figures.

## **A Call to Support Salim Mansur's Campaign to Fight for Your Freedom**

Our organization, C3RF, is not affiliated with or beholden to any political party. But we do appreciate politicians – from ANY party – who are open to speaking with Canadians about the important issues of our times. And no issue is more important than the future of our country. Canada's policies on immigration, multiculturalism, globalism and Islamism will determine the country we will live in and leave to our children. If Canada is to remain a sovereign nation in more than name, its leaders must develop policies that protect the interests of Canadians. And individual Canadians must be allowed to have their voices heard and their opinions respected.

## **Canada under siege: Islamic supremacist onslaught against Christian federal Conservative candidate**

Whatever it was that CPC Candidate Ghada Melek retweeted or shared on Facebook about Islamic supremacy was not discussed intelligently by the NCCM in a spirit of open dialogue. Melek is simply accused of "Islamophobia." The NCCM routinely accuses and dictates who should be punished, and leads witch-hunts in an atmosphere of political correctness that it helped to cultivate and advance in Canada.

## **Contravention of section 9 of the Conflict of Interest Act found in report released by Commissioner Dion**

Conflict of Interest and Ethics Commissioner Mario Dion today released the [\*Trudeau II Report\*](#), an examination of the allegation that the Prime Minister sought to influence the Attorney General of Canada in her decision on whether to intervene in a criminal prosecution involving SNC-Lavalin. After reviewing evidence and several fundamental legal and constitutional

principles related to this matter, Commissioner Dion found that the Right Honourable Justin Trudeau, Prime Minister of Canada, contravened section 9 of the *Conflict of Interest Act* (Act).

## Behind the Smiling Mask of Andrew Scheer's Conservative Party

You might recall seeing a photo months ago of Andrew Scheer standing with--- reportedly---some of the most dangerous Islamic leaders in the country. Of course, many of Scheer's apologists would dismiss the embarrassing photo op by saying that he was simply unaware of the sordid connections of the people posing next to him. But this video indicates that Mr. Scheer was not only aware of who these people are, but he has maintained close personal contact with them:

## Even if you don't like the PPC, Bernier should be in the debate.

The first round of invitations from the state-sanctioned Leaders' Debates Commission has been sent out to the Conservatives, the Liberals, the NDP,

the Greens, and the Bloc Quebecois – but not to the People’s Party. True North’s Andrew Lawton says the decision to not invite Maxime Bernier shows a reversal of a previous interpretation of the rules, and amounts to a “sham” process with moving goalposts. Truth North is not baking a party, but in order to cover the election fairly and honestly, we need to hear from all of the parties shaping the national discussion.

<https://tnc.news/2019/08/13/lawton-even-if-you-dont-like-the-ppc-bernier-should-be-in-the-debate/>

## **What's a debate if you don't hear from the opposite side?**

The Leaders’ Debate Commission, the body created to organize two official federal election debates, has made a preliminary ruling that would block Maxime Bernier’s participation. The ruling seems profoundly undemocratic. Nobody wants to see a debate between the leaders of Canada’s 16 registered political parties but Bernier’s vehicle is clearly more serious than the Rhinoceros Party, with its pledge to privatize the Queen and tax the black market. The debates are a big deal.

<https://nationalpost.com/opinion/john-ivison-whats-a-debate-if-you-dont-hear-from-the-opposite-side>

# **BE AN ACTIVIST**

The recent decision by the Leader's Debate Commission to exclude Maxime Bernier from debates is appalling. Mr. Bernier easily qualified but the Advisory Board, an "independent" board assembled Oct. 2018 by the Liberal gov't, created a technicality and ran with it. Please sign the petition and send a letter to Commissioner David Johnston.

## **C3RF - Canadians don't deserve to hear all sides of a debate?**

Canadians have been growing ever more concerned over the media's participation in censoring and influencing social and political agendas. The latest instance of this sees the goal posts being moved on rules that determine which political parties can participate in national TV debates in early October. It is time to hold them to account for their political bias and interference. Whether one is in favour of Maxime Bernier and his party or not is irrelevant. This is a matter of protecting democracy and freedoms.

Please join the ACT! For Canada's "**CALL TO ACTION**" campaign by copying, signing and forwarding the letter enclosed in the following ACT! For Canada link to the email addresses suggested. Let the mainstream media know that you are not OK with the "rigging" of Canadian elections. Enough is enough and Canadians deserve to hear policy prescriptions from any party capable of running candidates in the majority of Canadian ridings.

# **ANTIFA & THE LEFT**

## **Democrats refuse to condemn Antifa, their own brownshirts**

The few explicitly racist marchers at Charlottesville were far outnumbered by sincere demonstrators whom wanted to preserve the historic works of art that leftists want to obliterate, just as the Taliban blew up statues of Buddha in Afghanistan. And they have no ability to generate violent mobs capable of shutting down their opponents, the way that Antifa does repeatedly. Antifa is apparently well-organized, and explicitly announces its intention to violently disrupt political events they disapprove of.

## Far Left Violence Versus Far-Right Violence

*"Violence is the last refuge of the incompetent."*

*~ Isaac Asimov ~*

Antifa and/or the Revolutionary Communist Party can march and chant their ridiculous slogans and chants, and no violence will be elicited by the right, whereas the opposite isn't the case. I cannot think of an event wherein the presence of antifa hasn't increased the likelihood of violence - and yet they are treated with kid gloves by government and law enforcement.

# IMMIGRATION

## Immigration as Punishment

Our elected government *choosing* immigrants who would be better neighbors for us current Americans makes the Statue of Liberty cry. This silly ethnic self-aggrandizement has metastasized into the dogma that immigration is an inviolable civil right for the world's 7.4 billion Pre-Americans. For Americans to not let in anybody who wants to come would be discriminatory, and discrimination is the worst thing ever.

## In 5 States, 1 in 5 Prisoners are Muslims

At 1%, Muslims are still a small percentage of the population. But there's one place in America where they are vastly over-represented. State prisons. As the debate over immigration continues, we must ask ourselves difficult questions about the price we are willing to pay to welcome in one particular group without caring about the cost to ourselves. How many thousands of lives, how many billions of dollars, are we willing to pay? And is diversity worth the price?

Tlaib and Omar support a movement that is trying to bring about Israel's destruction. Israel is under no obligation to welcome its enemies, any more than any other country is. ## **When Britain Died**

Over the past couple of years, more than 340,000 people have moved away from London amid rising levels of knife crime, according to reports. Exorbitant property prices and poor air quality are also cited as reasons for people choosing to leave the capital and set up a new life elsewhere in the UK. Obviously, people want a better quality of life; also, people would prefer not to get stabbed. However, could there be another reason for the mass exodus? I ask this because London is acquiring an increasingly Islamic face.

## **We ignore Islam at our peril**

Not only do Muslims not assimilate, they are actively involved in imposing their ideology on non-Muslims, in the hope that someday America will be conquered and fall under the rule of Islam. To Muslims, no other religion or man-made law is deemed worthy of recognition, much less accommodation. I am puzzled as to why no one takes this threat seriously. ## **Control Criminals and Crazies, Not Guns**

The Founding Fathers understood that murder was not a technical problem, a matter of tools, but a moral problem. The Bill of Rights was meant for a moral society. It cannot function in an immoral one. When Cain slew his brother with a rock, G-d drove him out of the civilized lands. G-d did not ban rocks. He banned murderers. If we want to stop killings, mass or singular, we have to drive our own Cains out of our civilization. Or reconcile ourselves to living in a society where Cain has a gun and Abel is always on the run.

When shouted just before, or while committing, or just after committing, a violent act against Infidels, the context tells us that "Allahu akbar" must be understood as a war cry, a supremacist or triumphalist exclamation. Semantically, to properly convey its meaning, it has to be translated by adding a few additional words: "Our God is greater than your God," or "Our God is greater than anything you can think of."
