Political “assassin” claims to have “gutted” Scheer, Poilievre and Karahalios

Erin O'Toole's National Director of Field Operations, David Parker, has been caught once again bragging about his vengeful and unethical political behaviour. Parker, who was caught bragging about "ruining (Jim Karahalios) entire life", is now claiming to be responsible for the political assassination of Andrew Scheer and Pierre Poilievre.

As O'Toole Denounces Destruction Of John A. Macdonald Monument, Trudeau Is Silent

After a radical extremist mob tore down a statue of Sir John A. Macdonald, many leaders in the country have denounced that act of destruction. Among them, are Conservative Leader Erin O'Toole, and Quebec Premier Francois Legault. Trudeau has not made a statement on social media denouncing the destruction. Trudeau's silence is tacit support for the radical far-left extremist mobs, mobs that he helped embolden by accusing Canada of an ongoing genocide on his watch.

Canada: Muslima once featured in CBC hijab diversity ad now arrested for trying to join the Islamic State

The arrest of Haleema Mustafa is welcome news, especially in light of the fact that there is in Canada a greater threat of jihad terror than the Liberal government wishes to admit. In 2017, it emerged that dozens of jihadis were walking free in Canada, yet authorities wouldn't charge them. Now, in the space of just over a month, two arrests have been made: Haleema Mustafa was one, and in late July, terrorism charges were laid against another Muslim, Hussein Sobhe Borhot.

Police should focus on social catastrophes, not trivialities such as use of the word "chink"

Let us repeat, the Vancouver Police Department could have done something to mitigate an ongoing social catastrophe, but instead you have focused on a social triviality. If you would like an example of another very important issue (also immigration-related) that you and other police should have gotten involved in, here is one: The Muslim Brotherhood has entered

Canada in large numbers. It has vowed to destroy Western Civilization from within. Yes, I said "destroy". Doesn't that sound serious? Shouldn't such a threat take precedence over investigating a White Canadian for calling a Chinese person a "chink".

Canadian Politicians Team Up With Radical Islam

Erin O'Toole's campaign chair, Walied Soliman, is a highly decorated and successful Toronto lawyer. He is the global chair of legal firm Norton Rose Fulbright. He also served as campaign chair to Patrick Brown, who led the Conservative Party from 2015 to 2018. Among Soliman's many connections is the Muslim Brotherhood—chiefly through an organization called the Muslim Association of Canada (MAC). This organization was named in a Royal Canadian Mounted Police search warrant, which discovered it had sent nearly \$300,000 to the International Relief Fund for the Afflicted and Needy (IRFAN-Canada), a designated terrorist organization.

"We Shoot Racists"

I consider anybody who willingly wears a T-shirt that reads "WE SHOOT RACISTS" to be a threat to my safety. As a social conservative who does not share the enthusiasm of "official" Canada towards current immigration rates, who does not affirm the verity of the BLM movement's beliefs, who is very obviously light-skinned (you name it; I make a very bad hand in "politically correct poker") – I am one of those "racists" that the designers of that shirt print are in favour of not merely jailing, not just exiling, but shooting.

The life of John A. Macdonald matters. The lives of the Vandals who Toppled and Decapitated his Statue do not.

The life of Canada's first Prime Minister, John A. Macdonald matters. He should be revered. He was the architect of Canada. He negotiated tirelessly with New Brunswick, Nova Scotia, Prince Edward Island, Upper and Lower Canada to form a federation in 1867. Later he arranged for the purchase of Hudson Bay Company Land which would eventually be called Manitoba, Saskatchewan and Alberta. After that, he persuaded British Columbia to join Confederation. He connected all of these parts by building a cross country railway. He had great respect for Modern Canada's French and British roots. He had warts, but his role in creating the coast to coast to coast modern country of Canada was enormous. His contribution has not been equaled by any Prime Minister since and will probably never be equaled by any Prime Minister in the future.

C3RF Update – 4 September, 2020

This week's update takes a deep dive into the economic and civil liberties havoc that is about to be unleashed upon Canadian citizens. This, by virtue of the Liberal government's new "resilient economy" proposal that promises to be the centerpiece of this month's Throne Speech. Think "Green New Deal" or "Build Back Better", the "resilient economy" is just another leftist innovation that insists that chosen elites know best when it comes to what you need and when you need it. It's all about "entropy" you see and limited economic opportunities and carbon footprints must be apportioned by the wise sparingly. It matters not that this whole, irrational economic experiment has been tried by the McGuinty and Wynne governments of Ontario and failed miserably. Woke notions die hard if they fit the postmodern narrative and can always be "imagined" into magical

existence. In the meantime, ready your children and grandchildren for penury and the debt trap that is about to be sprung upon them.

TOP ELECTION STORIES

Radical Leftist Democrat Coup Attempt #5: Election Fraud by Linda Goudsmit

A one-world government under the auspices of the corrupt United Nations is a binary socio-political structure. There is the extremely wealthy political elite at the top, and the enslaved population who serve them at the bottom. Nothing exists in between. There is no middle class and no upward mobility in the feudal structure radical leftists are unwittingly helping to create.

Against all odds, President Donald Trump survived the first four deceitful coup attempts against him. Do not let the enemies of America steal this election because it is not about one man. This election is about the sovereignty and future of the United States of America. The enemies of America will do anything and everything to defeat the existential enemy of globalism. President Trump is the unflinching obstacle to their megalomania and unquenchable will to power.

It's time for the 'Silent Majority' to stop being silent

The majority of the "Silent Majority" has earned that moniker because they are supposedly too cowed to stand up for what they supposedly believe. They are the majority but until election day, they stay silent. When their leisure, livelihood, and family are threatened by close-minded fascist thugs, they go along to get along, making their voices heard at the ballot box alone instead of pledging their lives, fortunes and sacred honor to the defense of the nation and ideas they purportedly cherish.

'Something's going on here and it's much bigger than people think'

The FBI needs to investigate. But the only way you can do it is you have to arrest people. And usually we say 'oh, well, you didn't get hurt, so we're not going to arrest them.' They were inciting a riot, and they would have killed us had the police not been there. They all need to be arrested, and I'm not saying forever, but they need to be arrested, questioned, they need to say where you're staying, and the bills need to be subpoenaed by a judge, to say 'who paid for your bill, how did you get here on a plane and staying in a fancy hotel, and yet you're acting like a criminal.' Something's going on here and it's much bigger than people think. But the bottom line is, we can't let the United States become Portland and that's what my fear is...

I Was Never Trump. Not Anymore.

I believe that the Trump presidency has been, to a large extent, successful. Mr. Trump survived a politicized, even somewhat corrupt impeachment campaign. He has confronted a once-in-a-century virus of foreign origin in good faith and with candor. Despite often-contemptuous hostility by the

elite press, and outright civil disobedience by several federal judges, the president has performed his duties and genuinely tried to keep his promises. Joe Biden, on the other hand, is weak and presides over a party that coddles extremists and sometimes seems to condone riotous violence. President Trump deserves re-election, and this time I'll cast my vote for him.

U.S. Communist Movement Communicates Its Intentions

Speaker of the House Nancy Pelosi called President Trump and his "allies in the Congress....domestic enemies." Following Speaker Pelosi's comments, Hillary Clinton publicly stated, "We've gotta have a massive legal operation...Joe Biden should not concede under any circumstances..." The communists/democrats realize that if Donald Trump is re-elected, he could break the back of the Communist Counter-State/Movement in the United States and they must oppose him at all costs. This is a war and the communists see victory within sight. They intend to win it.

BLACK LIVES MATTER

Black Lives Matter (BLM)

Founded by Marxist revolutionaries in 2013, Black Lives Matter (BLM) is a movement that depicts the United States as a nation awash in racism, sexism, and homophobia. Demonstrators at BLM events have been known to: smear white police as trigger-happy bigots who are intent upon killing innocent, unarmed black males; taunt, and direct obscenities at, uniformed police officers who are on duty; throw rocks at police and threaten to kill them; and celebrate in the streets when a police officer is killed.

Exposing the Lies of Black Lives Matter

Black Lives Matter (BLM) was established in 2013 by a trio of self-identified Marxist revolutionaries. Striving to make white Americans “uncomfortable about institutional racism” and the “structural oppression” that allegedly “prevents so many [black people] from realizing their dreams,” BLM contends that blacks living under America's “white supremacist system” are routinely targeted for “extrajudicial killings ... by police and vigilantes.” That claim has become an article of faith for the millions of American leftists who dutifully parrot BLM's talking points. The remainder of this article is dedicated to providing hard data which exposes BLM's worldview as nothing more than a mountain of malicious lies.

Democrat Violence Takes a Life in Portland

A member of the pro-Trump convoy associated with Patriot Prayer, who has been named by some sources, including Andy Ngo of the *Post Millennial*, as Aaron Danielson, was shot and killed. Ngo reported hearing, "We got a Trumper right here" before the shots were fired. "The energy here is joyous now. Dancing, chanting, an American flag burns," a leftist videographer with the Black Lives Matter mob tweeted. The mob of rioters was reportedly so jubilant that it decided to forego the actual rioting.

COVID-19 UPDATES

Dr. Carrie Madej warns about the proposed Covid-19 vaccine

I investigated the proposed Covid-19 vaccine and this is my alarm call to the world. I looked at the pros and cons and it frightens me. And I want you to know about this because this new vaccine is not like your flu vaccine. It is something very different; it is brand new and it is completely experimental on the human race. And it is not just about being a different vaccine. There are technologies being introduced with this new vaccine that can change the way we live, who we are and what we are and very quickly.

UN Forced to Admit Gates-funded Vaccine is Causing Polio Outbreak in Africa

This really should be one of the biggest public health scandals of the decade, but instead it's given little attention - mainly because of the high-profile nature of the people and organisations involved. The United Nations has been forced to admit that a major international vaccine initiative is actually causing a deadly outbreak of the very disease it was supposed to wipe-out.

FREEDOM OF SPEECH

People must have the right to mock Muhammad

Charlie Hebdo is right to continue insisting that freedom of speech, including the right to offend, is something really worth fighting for. Whether this freedom is being undermined by armed gunmen, government censorship or woke mobs, we all suffer when the liberty to express ourselves is betrayed. So let's say it again: Je suis Charlie.

If Rasmus Paludin had intended to travel to Sweden to burn a Bible, would anyone have cared? Would he have been banned from the country or arrested? THE RED-GREEN AXIS

The Revolution Is Now Underway – But Not By Who You Think!

President Trump is our American fortress under siege, our electoral Fort McHenry. The stakes in this election – for our country, and for peoples everywhere – are existential. By the dawn's early light of November 4th will our star-spangled banner yet wave? "Choose your side now. Pray

now. And when the time comes, be a counter-revolutionary. Vote against candidates of globalist tyranny – that is *any* and *all* candidates from the Democrat Party. Vote for the candidate of righteousness, patriotism, and liberty.” – Donald J. Trump.

Here’s my long-awaited list of communists, socialists, and security risks in the US House of Representatives. In my opinion, all of those listed would struggle to pass a low-level background security check. There are no security checks in Congress. AROUND THE WORLD

ISRAEL

El Al's Historic Flight Over Saudi Arabia

“In a historic milestone, an Israeli passenger plane flew through Saudi Arabian airspace Monday on the first direct non-cargo flight between Israel and the United Arab Emirates,” The Times of Israel reports yesterday. “El Al Flight 971, carrying high-level Israeli and US delegations, flew southeast down almost the entire length of Saudi Arabia to reach its destination in Abu Dhabi. It was the first time an Israeli plane was given permission by the kingdom to use its airspace.”

Shunning and demonizing Israel for so long gained the Arab world little. It is wonderfully encouraging to see prominent Arab thinkers – and the first Arab government in more than a quarter-century – rejecting the old rancor, and enumerating the gains peace can make possible. May those gains proliferate and become evident to all, and may Abu Dhabi's leadership in making peace with Jerusalem be emulated across the Middle East.

UNITED STATES

The Attempt to Overthrow America

The wave of riots that has followed the death of George Floyd in Minneapolis on May 25 appears to have nothing to do with Floyd's death and everything to do with groups seeking to overthrow America. Mayors of many cities and other local officials have deliberately protected criminals over law-abiding citizens and allowed the destruction to take place.

DC Mayor Considers Removing Washington Monument, Jefferson Memorial

Americans accept that the country has a complex history, and many are willing to reconsider some historical monuments. But if Muriel Bowser removes the Washington Monument or the Lincoln Memorial, Americans will revolt against this dangerous and destructive ideology. Indeed, even by considering the removal of these Washington, D.C., icons, Bowser has made Trump's re-election more likely.

Trump Is Vaccine For Deadly Swamp Virus

It took decades for the politically correct, progressive and insufferable swamp monsters to establish total control of our universities, our corporations, our special interests groups, Hollywood, our professional sports leagues and, most importantly, our federal, state and local governments. It will take another four years for President Donald Trump to “drain the swamp,” but he has made incredible progress in his first term. Clearly, President Trump is the vaccine that, for decades, patriotic Americans prayed would emerge and destroy this swamp virus.

Award the Nobel Peace Prize to Jared Kushner. Seriously!

Kushner has presided over a major effort to change America’s Middle East outlook, something that under Presidents George W. Bush and Barack Obama had been aimed to regime change and nation-building and the remaking of the Arab World under American hegemony. We know by now what that got us into. Instead of trying to establish order in the Middle East, the Trump administration is now trying to encourage the Arabs and Israelis to work together to maintain the balance of power in the Middle East in a way that would not require direct US military interventions.

NHL Celebrates Black Lives Matter Against "White Machismo in Hockey"

Most recently, things have hit a fever pitch. Gaslighting

Have you ever asked yourself, 'am I crazy?' If you have ever asked yourself that, you're not crazy. You're most likely being gaslighted. Gaslighting is a form of psychological abuse aimed at controlling a person by altering reality to the point where the person will doubt their own sanity.

The Ruse of Spontaneous Rage

Leftist-progressives are not only primarily responsible for stoking these recent fires of chaos, they have long been undermining the family unit, denying children friendship and camaraderie, replacing class communication with computer time, studying multiculturalism and “inclusion” that purposely result in divisiveness and activism, replacing past studies with socialist concepts. Children are marginalized and victimized by cultural stereotypes, racial and religious prejudices, male-toxicity shaming, white supremacist guilt, low-salaried unskilled workers and underpaid females, financial jealousies, LGBTQ issues, rioting against Americanism and President Trump, gun confiscation, abortion, and what has finally come to light – shaming, and sexualizing beginning with the very young, resulting in myriad mental health disorders.

Terry Fox: 40 years after the Marathon of Hope | Sept. 1, 1980

I still remember watching on TV that impromptu press conference Terry gave on the side of a road laying on an ambulance gurney. I remember how much trouble he had holding back the tears. But make no mistake: this had nothing to do with Terry feeling sorry for himself. No, we all knew that Terry was unraveling because he felt he had let a country down given that he had so many more miles to go before he could sleep. And a nation wept with him. While Terry vowed to get healthy and resume the Marathon of Hope, cancer would prevent him from keeping that promise. Terry Fox passed away the following year on June 28, 1981 at the age of 22.
